To: Barstow Aviation Advisory Commission
From: Bradd Maki, Assistant Airport Manager *BAM*
Date: March 13, 2009
Subject: Fact-Finding Sub-Committee Report

At the December meeting, the commission requested the sub-committee to review of rules for aircraft maintenance at the airport to determine whether they can be revised to permit through the fence operations. It was also requested at the December Commission meeting that the City Attorney be involved with the review process.

Some items to address from the December 2, 2008 Commission meeting were:

- Whether insurance would be required for liability protection,
- Where aircraft could be maintained,
- Whether commercial rates would need to be adjusted.

The sub-committee did not meet since the December Commission meeting. However, Assistant City Engineer Bradd Maki will provide some initial comments from the City Attorney for consideration by the Fact-Finding Sub-Committee.

Sub-Committee meetings are scheduled as needed.
