

### **Recommendation on Placement of Smoking Receptacles**

Whereas the Executive Committee of the Downtown Development Authority has reviewed the problem of increased amounts of smoking material litter being disposed of in the planter boxes and on the sidewalks throughout the Downtown Development district since the time that Michigan Smoke-Free Law Public Act 188 was enacted by the State of Michigan on May 1, 2010; and

Whereas it is the desire of the DDDA to maintain this common area, shared by many adjoining properties, as litter free and clean as possible; now therefore

Be It Resolved that the DDA hereby recommends that the City of Midland Department of Public Services be asked to study the placement of smoking receptacles throughout the DDA district.
