Human Resources Technician Cherie Betoski

Service Statement

The Human Resources Department provides support services and consultation in the areas of recruitment and employment testing, employee and labor relations, collective bargaining and contract administration, employee safety and health, performance evaluations and salary administration, employee education and development, personnel records maintenance and other personnel-related issues. The department ensures consistent practices are followed in compliance with State and Federal labor and occupational safety and health laws, bargaining agreements and administrative regulations.

The Human Resources Department is responsible for administration of the City's merit system of employment, in accordance with the City of Midland Code of Ordinances, Article III, Section 2-58. A merit system of employment ensures fair and consistent hiring practices in public sector employment that is based upon an applicant's demonstrated, job-related skills and abilities.

The Human Resources Department administers the City safety and health program, which strives for zero injuries and optimum health and wellness for City employees, both on and off the job. The Employee Health and Safety Action Committee, with representation from each of the City's major departments, develops City-wide safety policy and program initiatives that promote occupational safety and health.

The Human Resources Department administers the City's wage and benefit plans. As is reflected in the Midland community, health care and pension plans have been instituted that balance fair and competitive compensation with containment of health and pension costs.
