

# Adobe Digital Editions and create an Adobe ID

Get [Adobe Digital Editions](http://www.adobe.com/products/digitaleditions)

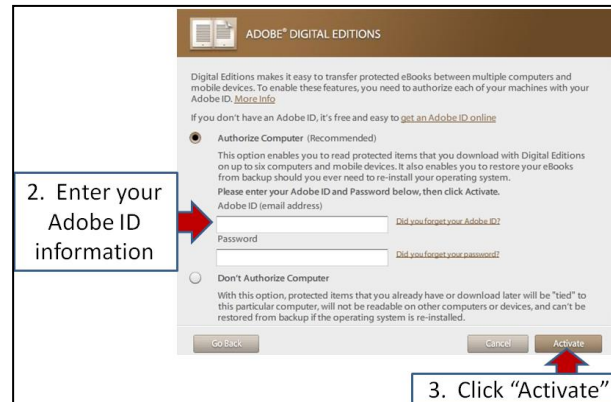

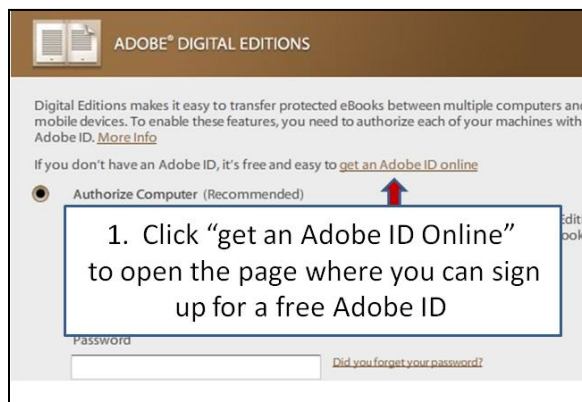

<http://www.adobe.com/products/digitaleditions>

Click the **Launch** button on the Adobe Digital Editions website. Adobe will download an installation file.

Click the installation file and follow the setup assistant to load the software. When asked to authorize the program, 1. follow the link to set up a free [Adobe ID](#), then 2. enter the login information in the setup assistant, and 3. click the **Activate** button, 4. click the **Finished** button.

**\*The Adobe ID you set up in Adobe Digital Editions on your computer must match the Adobe ID you will later enter into your Nook or other eBook reader.**

**Note:** If you already have the software, you can change your Adobe ID by opening Adobe Digital Editions and on your computer keyboard press the **Ctrl + Shift + D**.
